OF INTEREST TO ALL VOTERS OF NYE COUNTY

PLATFORM ADOPTED BY REPUBLICANS SHOULD BE READ BY ALL VOTERS

The platform of the republican candidates of Nye county as drafted several weeks ago should be carefully read by all voters of this county. It contains a lot for thought especially that part pledging the legislative candidates to labor for certain measures. For the benefit of those who have not read the platform it is reproduced herewith in full:

The republican candidates of Nye county assembled in convention, pursuant to the provisions of the primary law, offer no program that is not buttressed with performances; makes no promises but what are for the interest of the tax payers and property owners of this county.

The past four years of republican rule in this nation has been such that we again give our hearty endorsement to the platform and candidates presented by the national republican convention. Never has the country been confronted with such problems and situations as have arisen during the last four years, and never have such problems been handled with such skill and courage. President Taft has demonstrated his fitness for the office he now holds, and for which he is a candidate for reelection, and though assailed by agitators and decried by theorists, the condition of the United States today is a tribute to his performance of every duty demanded.

The state republican platform and candidates likewise receive our unanimous endorsement.

Retrenchment in State Offices

We pledge our legislative candidates to the enactment of a measure reducing the expense of the state government to conform with the revenues of the state and prevent the further issuance of bonds to meet the deficit in the general fund.

The State Bank Receivership

We pledge our legislative candidates to secure an investigation into the affairs of the long defunct State Bank and Trust company. There are hundreds of people in Nye county who lost their savings in this institution and who are not able to secure a proper report showing the

Republican national, state, county and township officers who are deserving of the support of the Nye county voters.

SCOOP THE CUB REPORTER

assets of the bank. Repeated requests have met with silence on the part of the receiver in charge and we pledge our legislative candidates to work for the passage of a resolution through both houses of the legislature, securing the appointment of a committee to conduct a public investigation of the affairs of the bank.

Good Roads

We pledge our county and legislative candidates to adopt every means whereby the roads of this county will be repaired and new thoroughfares constructed. We recognize that good roads mean that hundreds of tourists will pass through our county, and within the next few years thousands of motor driven machines will cross the continent. It is within the power of southern Nevada to provide a feasible route for the travelers, and we pledge all our candidates to secure the enactment of a proper measure that will insure the construction of a

transcontinental route through Nye county.

Primary Election Law

We pledge our legislative candidates to the enactment of sweeping amendments to the present primary law, which in its self is nothing short of farcical. We favor such amendments that will prohibit voters from flocking from one standard to another without a declaration of their political faith. We believe in the sanctity of the ballot and urge that secrecy be continued, but are opposed to the present construction of the primary law that allows fraud being perpetrated.

Free Text Books

We pledge our legislative candidates to labor for the passage of a measure providing for the furnishing of free text books by the state to the pupils attending our public schools.

The Reinforcements Forgot To Arrive

MERTEN AND CANTWELL OPEN RICH FISSURE

BONANZA ORE IS STRUCK ON LEASE ON THE CRESCENT AT MANHATTAN

Special to the Bonanza

MANHATTAN, Oct. 17.—Since last week a second rich fissure has been crossed in the drift of Merten and Cantwell, leading on the Manhattan Crescent. They struck more bonanza ore and a great deal that required no sorting whatever. Previously the large pieces of schist have been screened and thrown out, but the values during the past several days have been more generally distributed through the rock and the whole could average from \$20 to \$50 a ton.

Even more of the phenomenally high grade class was taken out of the second fissure than the first, though the leasers this time did not stop to mortar and pan it out. By so doing a week ago from a small quantity of rock they secured \$150.

Their drift has advanced to a point even with their discovery shaft. It is along the contact, some 15 feet east of the shaft, hence a connection has not been made. The drift is to be

driven ahead and various rich seams, stringers and fissures intersected in the shaft will be explored on their downward trend there and other sensations are to be expected from the working of this lease in the immediate future.

ADVERTISED LETTERS

List of advertised letters remaining in the Tonopah postoffice for week ending Oct. 12, 1912.

W. DE COURCEY, Secy. 017-2412

---how much Is A "Regular Customer" Worth to Your Store?

Suppose you could BUY 100 additional REGULAR CUSTOMERS during the next week or two—customers who, for years and years to come, would make a MAJORITY of their purchases of goods in your line at YOUR STORE?

What would each of these 100 customers be WORTH to you?

It is, we think, quite likely that if such an investment were possible, you'd eagerly pay TWICE AS MUCH as it would cost you to secure these 100 REGULAR CUSTOMERS through an advertising campaign big enough and aggressive enough to really make people ACQUAINTED with your store!
